Ab Lager lieferbar!!

Magma's Mac Pro Rackmount Kit is designed for maximum flexibility. The Mac Pro Rackmount Kit is designed to make getting to your hardware easy, while still allowing for multiple configurations. Connect storage, PCIe expansion, or any hardware you might need in the extended 4U shelving space next to your Mac Pro, which is housed in a super secure slide out bracket.

Combine the Mac Pro Rackmount Kit with either Magma's ExpressBox 1T or ExpressBox 3T and create a dynamic duo of Apple horsepower and PCIe expansion. Connect video capture, media transcoding, audio processing, SSD storage, and many of your other favorite PCIe cards with ease. The modular design allows

users to quickly disconnect their Magma expansion chassis and take your valuable PCIe cards with you on the go.

Anwendungen

- HighSpeed Datenstreaming
- Video Bearbeitung
- Musikproduktion
